EZE - WOOD
THOHOYANDOU

About Us

For over 30 years, Eze-wood has supplied both specifiers and retail outlets throughout South Africa. Our brand assures consumers and retailers, of consistency in quality, grade and dimensions.

Through consultation and experience, we have developed some highly innovative products over the years and look forward to bringing your design ideas to fruition.

Now owned by Myron Ginsburg, Eze-wood Timbers offers reliability, quality and efficiency in the supply of timber mouldings.

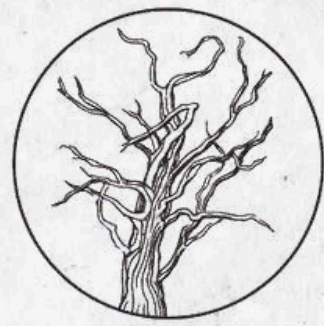

The history of the company speaks for itself where we have supplied and retained the same customer base for numerous years giving us credibility in the timber moulding industry.

Eze-wood offers timber moulding solutions in both solid timbers, and finger-jointed profiles.
